SUMMARY

I am a dedicated and enthusiastic student currently pursuing my undergraduate studies in Information Technology at Chaitanya Bharathi Institute of Technology. I have a keen interest in emerging technologies and continuously seek to upgrade my skills through practical projects, internships, and online certifications. I am passionate about learning, innovation, and contributing to India's technological growth.

PROJECTS

Blood Bank Management

- Designed and developed a responsive web interface for a Blood Bank Management System to facilitate the organization and display of donor and blood inventory data. The system offers a user-friendly platform for viewing available blood groups and basic donor information.
- Tech Stack: HTML, CSS, JavaScript, MySQL

Homemaker finder a cuisine based

- Developed a web platform that connects people living away from their home state with local homemakers who provide hygienic, homemade food. The system allows users to browse menus, place orders, and discover traditional cuisine from their region, while empowering homemakers with an income opportunity.
- Tech Stack: MERN Stack

EDUCATION

Bachelor of Engineering in Information Technology
Chaitanya Bharathi Institute of Technology

2024-2027
CGPA: 8.27

Diploma in Computer Science and Engineering
Sanjay Gandhi Memorial Government Polytechnic

SEP 2021-MAY 2024
CGPA: 9.67
